TRUSTED DELICIOUSNESS

# Trusted Deliciousness

For over 20 years, Beecher's has delighted in helping you create remarkable moments around your table, every day. We are steadfast in our commitment to earn and keep your trust—here's how:

- We use only the best ingredients.
- We have a high bar for deliciousness.
- We operate as a good corporate citizen, creating value for customers, employees, and partners.

A percentage of all Beecher's sales goes to support efforts that matter to us most:

**PURE FOOD COMMITMENT** For nearly 20 years, Beecher's has invested over \$4 million into The Beecher's Foundation, equipping over 225,000 kids to decode food packaging and marketing messages so they can make smart food choices for life.

**PLASTIC WASTE** While our options for non-plastic food packaging remain limited, Beecher's donates a portion of sales to non-profit organizations dedicated to cleaning up the world's plastic waste.

## TWO DAYS AGO, THIS CHEESE WAS GRASS

With our Pike Place Market cheesemaking kitchen surrounded by glass, visitors witness first hand the transformation of a vat of creamy milk into one of Beecher's award-winning cheeses. Although the cheesemaker is aided only by simple machinery, our artisan cheeses are crafted applying the same techniques that

*(Top to bottom) After the cheesemaker has cut the curds to release the whey, the curds are cut again and stacked into loaves. The loaves are then run through a curd cutting mill, creating uniform curds that are scooped into hoops before being set aside for aging.*

have been used for 5,000 years.

Seven days a week, fresh milk is pumped into the holding tanks at our cheesemaking kitchens. Then the day-long process of cheesemaking begins. Under the skilled direction of the cheesemaker (and with a little help from the cows), the end result is a wholesome, natural, pure cheese — full of flavor and high in nutrition.

## OUR CREDO

Flavor and purity go hand in hand at Beecher's. The artisan cheeses we sell, and the meats, vegetables and other foods we use to make Beecher's café and restaurant items, are chosen with care and a desire to support broadly local, small-scale enterprises that share our philosophy and commitment to pure food.

The Beecher's Credo says it best:

---

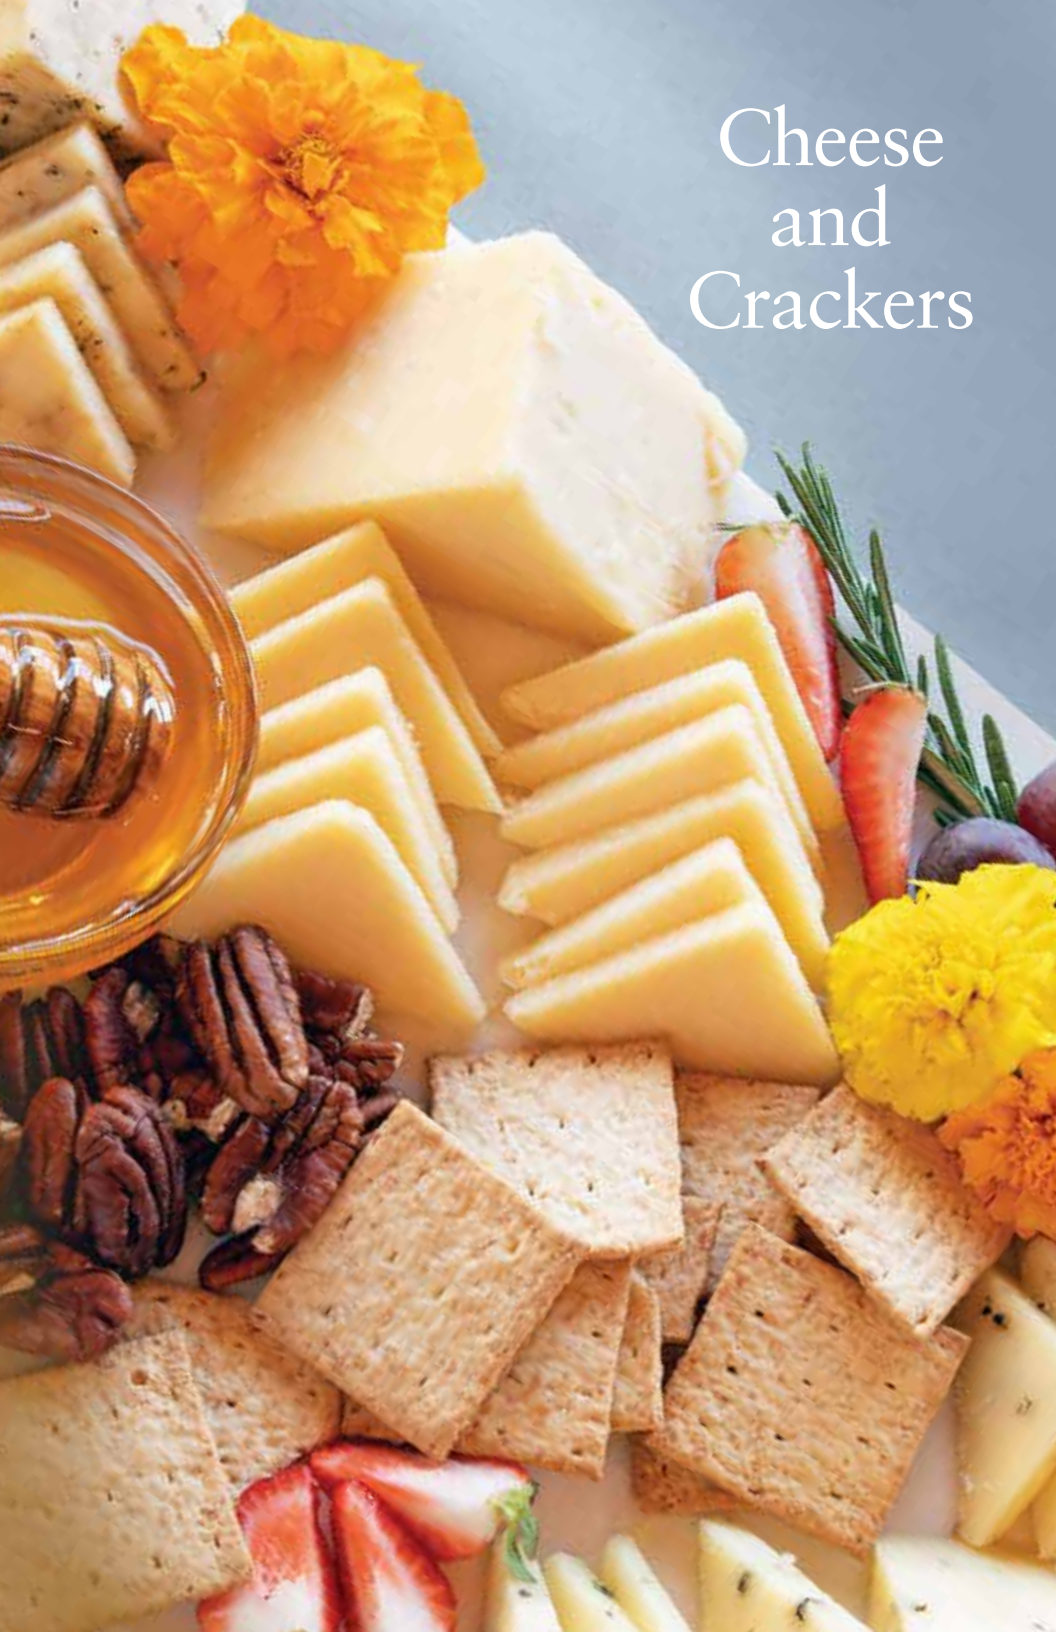

*"Beecher's  
Handmade Cheese  
makes foods only with  
ingredients we trust, are proud of,  
and would eat ourselves.*

*It's just authentic and  
original food, full of flavor."*

---

That means all our products, from our signature Flagship cheese to our line of crackers and side dishes, do not contain any artificial preservatives, flavor enhancers or coloring agents, and the premium milk used to produce them contains no added rBST.

## FLAGSHIP RESERVE

Flagship Reserve is a special version of our signature Flagship cheese, traditionally cloth-bound and open-air aged. This method allows a 14% to 16% moisture loss during aging, creating a slightly lower moisture, higher salt content which concentrates the already rich flavor while producing a long, creamy finish.

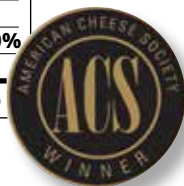

- Firm, natural rind, pasteurized cow's milk cheese
- Affinage: Aged at 50 degrees and 90% humidity. Each truckle is first rubbed with butter. Then, they are hand-turned on a daily basis during the first two months of aging, three times a week for the following two months and then once per week through the remainder of the aging process.
- Perfect when paired with berry compote or crisp apple

### PRODUCT SPECS

- One (1) 16 lb. truckle per case; 80 cases per pallet
- Case dimensions: 8.63" x 8.63" x 11"
